

2020 Design Instructions

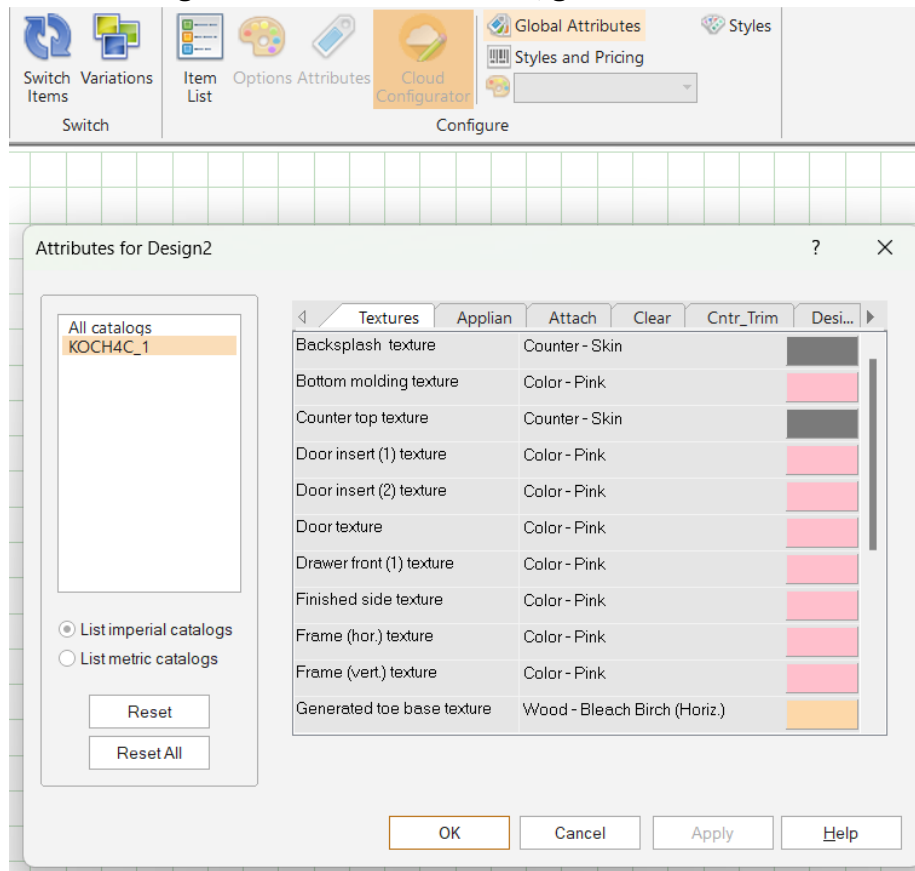

1. In Styles & Pricing, select 'Paint Grade'. Click OK.

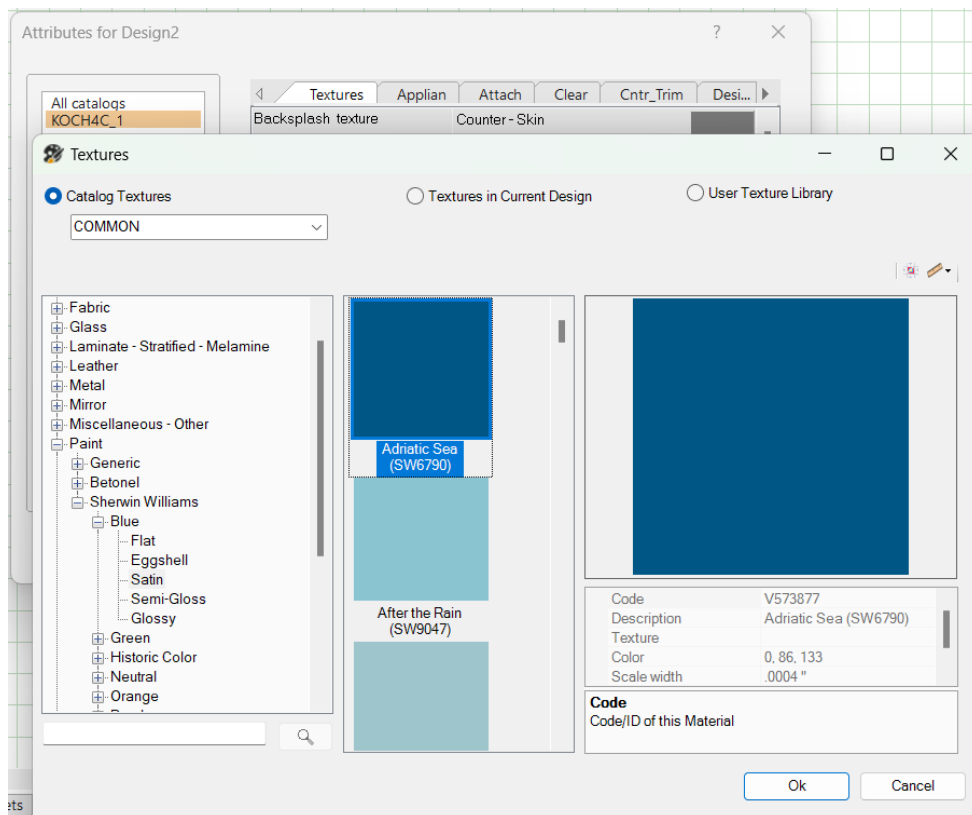

2. Select 'SW Custom Color – Sherwin Williams Custom Color Paint'. Click OK.

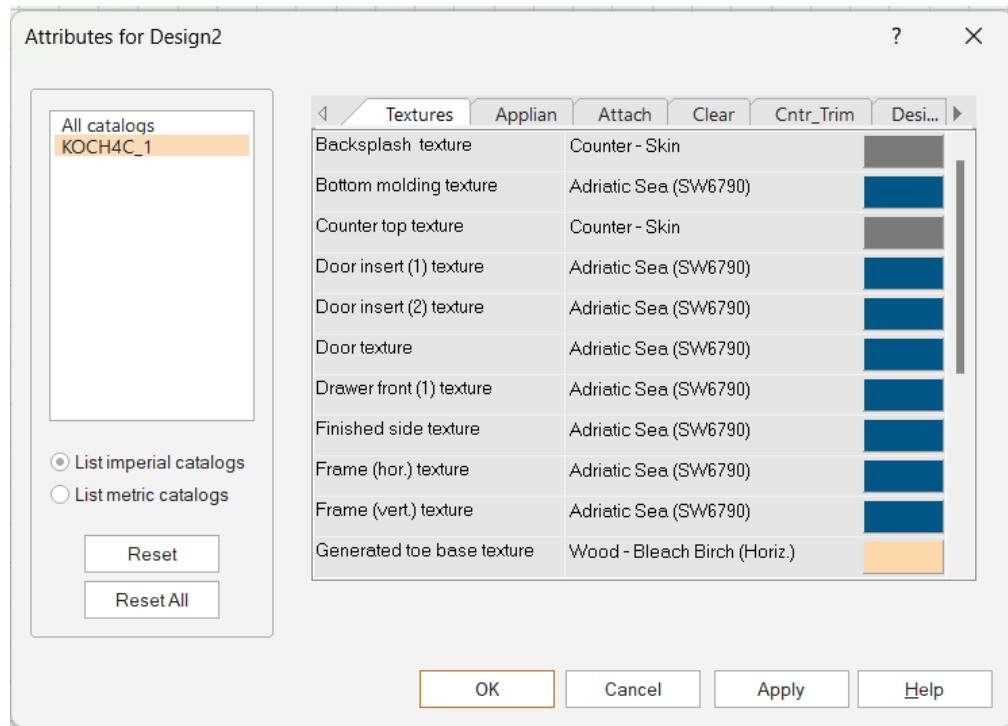

3. To change the color of the cabinets, go to Global Attributes.

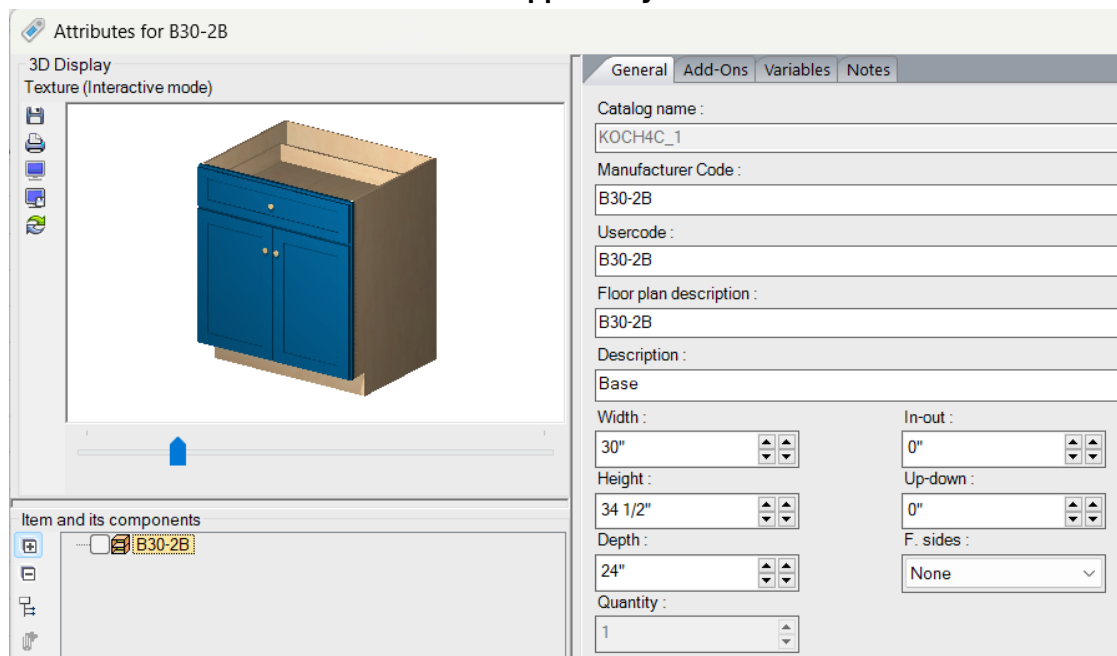

4. Select Door Texture and go to the Sherwin Williams Catalog to find your desired color in the Satin finish. Click OK.

5. Selecting the Door Texture in #4 above will change all the cabinet piece colors to your selected color. Click OK.

Your cabinets should appear in your selected color.

REMINDER:

In Styles and Pricing, under the Price Levels tab, select only one door style under Common Price Level. *This is important when importing from 2020 into Cab Connect. If it is not done correctly, the import will fail.*
