## PECAN STAIN ON BIRCH & MAPLE

*Your satisfaction is important to us, and we want you to be fully informed about the characteristics of Pecan stain on Birch and Maple.*

This stain choice is prone to color variations, resulting in light and dark sections in the cabinetry. The variation can be pronounced and is ideal for rustic settings. This is a feature of Pecan stain on Birch and Maple and is not considered a warranty issue.

We expect designers and dealers to show their customers a sample door in the door style, wood species and finish that they are purchasing for their home.

**I have read the above information, and I acknowledge that the color variations that occur with Pecan stain are not considered a warranty issue with Marquis Cabinets.**
